The Honorable Ellen Corbett
California State Senate
State Capitol
Sacramento, California 95814

Dear Senator Corbett:

We urge you to oppose Assembly Bill 624.

The California Broadcasters Foundation is a nonprofit corporation composed of radio and television stations in California. The Foundation Board of Directors awards financial scholarships to radio and television interns enrolled in college throughout the state.

We recognize the important role that charities, foundations and nonprofit corporations play in assisting our future elected officials, business executives and community leaders. Currently, millions of charitable dollars flow into educational and vocational training programs benefiting high school and college students throughout California.

Assembly Bill 624 will jeopardize funds needed to retain these programs and further weaken the social safety net by decreasing the amount of charitable funding available to California's 102,000 public charities.

Our students need financial assistance more than ever. Please don't make it more difficult for us to help them.

Sincerely,

Stan Statham
