## **Alliance Member Benefits**

Members of the Alliance for Charitable Reform receive enormous benefits as a result of their participation in our growing coalition.

Most importantly, your membership in the Alliance means we all benefit, not only from your financial support which helps us fight bad proposals, but from your voice, which makes us stronger and even more credible, and from the specific insights you bring regarding how the various proposals would affect you and other organizations you know. That real-life, detailed translation of the implications of so many of these proposals has been essential to their rescission, and will be even more so in the legislative fights to come.

But in addition to our gratitude for the way your membership makes us a better organization, you receive specific benefits as well. These include:

- ✓ The opportunity for your organization's voice to be heard in the ongoing debate on charitable reform both on Capitol Hill and in the broader charitable community;
- ✓ Invitation to Alliance "Members Only" events and forums to meet with policymakers, decision-makers, and other philanthropists in Washington, D.C. and around the country;
- ✓ Access to regularly-scheduled conference calls to keep you abreast of the most recent developments, discuss the current congressional climate, inform you about how the Alliance is responding, and answer any individual questions;
- ✓ Networking opportunities with Alliance members, including notable leaders within the charitable community.

If your organization is interested in joining the Alliance for Charitable Reform, and enjoying the many benefits provided only to our members, please contact Chris Fox at (202) 466-5524 or [cfox@vennstrategies.com](mailto:cfox@vennstrategies.com).
